

Half Term Four – AMBITION

Week One & Two

By the end of this fortnight, students should be able to:

- Know that our focus value for this half term is Ambition
- Give examples of how we might show this value in school
- Give examples of how this value might be seen in the world around us
- There should be a themed display in teaching bases reflecting work done by students around their personal and career ambitions
- Ambitions and high hopes will have formed the basis of at least 1 learning mentor session during the fortnight, with this reflected in the student 360 folder (and crossing over into classroom display if appropriate)

Suggested Activities and possible online resources (additional resources also sent via email)

- **Focus on the inspiring life of a named individual; these names may help as a starting point:**

Lily Rice	Krystal Kantu	Stephen Hawking
Jamie Brewer	Luca Patuelli	Cornel Hrisca Munn
Marlee Matlin	Angela Bachiller	Chen Zhou

- **Devise a presentation for a primary school class on what ambition means;** these could then be used by Judy and her team – a potential opportunity for some peer mentoring work too!
- **Use media clips (not the whole movie!) and script stimulus to explore ambition in lead characters;** “Bend it like Beckham”, “Billy Elliot”, “The pursuit of Happyness”, “Rocky”, “Hidden Figures”, “Mulan” – What barriers did the main characters face? How did they overcome them? What is the main message of the movie?
- **TWINKL!** Keywords for searching our twinkl resources; “Going for goals”, “The magic of yet....”

Please ensure there is a record of your planning for these sessions.

In addition, where possible please collect evidence (eg photos of displays or similar) as this will enable us to share our best practice and celebrate our successes.

In the next fortnight, we will be focusing on GROWTH MINDSET as a tool for ambition so keep this in mind when long term planning in all areas...
